NOURISHMENT

Down in the hush of our treatment rooms, skilled therapists await the chance to listen to your needs and tailor highly beneficial treatments to address them. They are passionate about enhancing wellness, and their work focuses on transformation and renewal.

By pinpointing and targeting the root causes of muscular aches and pains, they can alleviate tension, stress and discomfort and boost wellbeing, recovery, flexibility, and mood. And the vegan, natural skincare products they use are both sustainably crafted and visibly effective.

TREATMENTS FOR TWO

THE COPPER COVE

90 MINUTES | £285 (FOR TWO)

This extra-special shared ritual is made possible by our opulent copper bath for two in a treatment room dedicated to those who like to enjoy time together. The whole experience will leave you feeling restored, relaxed, and profoundly connected. The ritual starts when you are left to bathe in privacy and peace with the option of a self-applied body scrub and face mask as well as two glasses of English fizz (or non-alcoholic substitutes).

The organic, magnesium-rich salts in the water will detoxify muscles, drawing out any tension-causing aches and pains. Then, side-by-side, it's time for a back, neck, and shoulder massage. After that the choice is yours between a eucalyptus-infused foot massage or a deeply relaxing bespoke facial, both of which finish with a dreamy scalp massage.

TIME TOGETHER

60 MINUTES | £210 (FOR TWO)

This massage and facial duo is for those who like to enjoy their treatment time together. In our especially-for-two therapy room, the ritual begins with a side-by-side tension-melting back, shoulder and neck massage.

Then, to further boost your relaxation, you'll both receive a bespoke mini facial, together with a soothing face, neck, shoulder, and scalp massage. The two of you will be left feeling totally stress-free, and thanks to the active ingredients in the wonderful organic products applied, you'll also be saying hello to the natural radiance of your skin.

RITUALS

LESSEN YOUR STRESS

60 MINUTES | £95

This ritual starts with a targeted massage that releases the tension held in your neck, back and shoulders. As your therapist works on areas of tightness, your circulation will be stimulated, your levels of the stress hormone cortisol lowered, and inflammation and pain reduced. Then, you will receive a full organic facial to restore the natural balance of your skin. And a scalp massage will deepen your level of relaxation even further, while a rosehip and rose clay mask works its soothing, detoxifying magic. The combination will leave you feeling released, realigned, hydrated and revitalised.

EASE YOUR TENSION

60 MINUTES | £95

The body parts that hold the most tension are given TLC in this ritual designed to rectify the aches and pains caused by muscle tension and fascia tightness. Our therapist targets your neck, back and shoulders first, then moves to the hardworking feet. After a refreshing eucalyptus and wild mint scrub, a foot massage stimulates circulation and revives you in readiness for another day's exploration of Margate. To complete the ritual, you'll relax during the sheer pleasure of an indulgent scalp massage.

RELAX REGIMEN FOR HIM

60 MINUTES | £95

This made-for-men ritual begins with a revitalising back, neck and shoulder massage using potent, nutritionally rich massage oils to nourish the skin while muscular tension is released. Then, an organic facial tailored to male skin deeply cleanses, exfoliates and hydrates through the application of essential fatty acids, powerful antioxidants and face-massage techniques. Your skin will feel profoundly refreshed, and with the massages having boosted circulation and the release of endorphins, you'll feel that your mood has been boosted, too.

TIME OUT FOR MUM-TO-BE

*Only suitable after the first trimester

60 MINUTES | £95

This specialist ritual helps ease muscular aches, pains and discomforts. It starts with a soothing back massage in response to your individual needs and choice of aromatherapy oil. Our therapist will gently work on alleviating those tightnesses while also making sure you feel profoundly relaxed because, there's no doubt about it, you deserve it. Then the choice is yours – a circulation-boosting foot treatment or a glow-boosting organic facial and blissful scalp massage.

TOP-TO-TOE GLOW

90 MINUTES | 120 MINUTES

£145 | £190

The most luxurious of our individual rituals is a transformative journey for mind and body, taken by stimulating the senses. The treatment begins with an invigorating lemongrass back scrub, helping to remove dead skin cells and awaken the skin. Once your skin has been prepared for hydration, our therapist then applies organic aromatherapy oils during a relaxing, back, neck and shoulder massage.

This releases muscle tension, boosts circulation and leaves your skin silky smooth. Next, you will enjoy a foot scrub and massage helping your body to fully relax and realign. Not forgetting the face, the ritual then moves into a rejuvenating organic facial and scalp massage designed to de-puff and decongest the skin, leaving you with a radiant glow.

*The 120-minute version includes a full-body scrub and massage.
